FACTS CONCERNING ILLUMINATI ORDER *APPLICANT MUST READ THE FOLLOWING*

Having expressed a desire to become a member of the Illuminati society, we presume you are willing to consider thoroughly the step you propose to take. The exact nature of our Institution being unknown to you, we deem it advisable that you should be informed on certain points, the knowledge of which may affect your decision to apply for membership.

The essence of Illumination lies in the word "Becoming". Religions such as Judaism, Christianity and Islam are based on "Being". Those who understand the difference between being and becoming will start to see how illumination offers a radically different worldview, one that is utterly breathtaking in the opportunities it offers to humanity.

Your research on the Illuminati via the internet has led you to our website – however you need to carefully select what you read about the Illuminati Order as many of the articles you will find are heresy.

Conspiracy Theorists have tried to decipher the Illuminati's code, and by branding the order as domineering, demonic worshipping clans in order to gain greed, success and power are a fallacy.

Video's spilling blood and containing satanic rituals are also a false representation of the order and anyone who wishes to believe these unorthodox episodes will never be approached or guided to be a part of the order.

Powerful, Influential, intelligent, entrepreneurial, successful and wealthy individuals make up the Illuminati order. In order to join the Illuminati there is no secret handshake and you cannot just say that you are illuminated – when you are part of the new world order you can rest assured that you will know, without being told.

Surrounding yourself with successful people who support your goals, aspirations and achievements will raise your social stature; these people will know you are part of the Illuminati without you needing to say a thing; this successful and supportive network of people will also be illuminated.

Illuminati members are handpicked through their achievements in business, ideas and concepts, through their interests or dedication to a cause.

The New World Order guides potential candidates to become an Illuminati associate, however being guided into the secret society does not automatically grant you a membership. Mutual interest is essential for successful initiation.

We have no authority at present to give you further information regarding the society you propose to join, but we have imparted sufficient information to enable you to conclude that the Illuminati is not contrary to the principles which mark a man of upright heart and mind, and has in it nothing inconsistent with one's civil, moral or religious duties

We think it advisable to inform you that your admission to our society will entail certain financial obligations which you should be able to discharge without detriment to yourself or those dependent on you. In addition to the fees payable on your entrance, there will be need to make sacrifices.

Before presenting this application form, be sure in your heart that you are not prompted by mere curiosity. You should be able at any moment – to
